Quantitative-qualitative balance: Predominantly qualitative

Editorial philosophy: Revista Brasileira de Política Internacional (RBPI) was founded in 1958 and since then has been one of the leading venues for discussions about International Politics in Latin America. RBPI is an open-access, pluralist peer-reviewed journal. It publishes articles focused on international and transnational relations, and embraces an interdisciplinary approach focused on theoretical, historical or policy-oriented research.

Use of photographs or graphics: Maps, graphics and tables.

Are proposals for special guest-edited thematic issues considered? No

Other special features of the journal: RBPI is the most traditional and influential scientific journal on international issues published in Brazil and one of the leading vehicles on the theme in circulation in Latin America and in the Global South. RBPI is indexed in several international and high level services, including JCR (Social Sciences Citation Index).
